THEME AND DESIGN

3D designs have a lot of importance in the creative spheres. Purrple Orryx uses it for converting their ideas into reality through proper planning and development. Graphics play an integral role in showcasing the 3D mockups. 2D and graphics add real-world imagery for clients to visualize the project with utmost clarity. Technical drawings are essential for the execution of the project. We provide these to ensure practical production detailing the materials, structural integrity, and other aspects.

As per Industry Standard for 3D modeling, we use 3dmax, Vray, etc. For 2D and graphics designing Illustrator, Photoshop is used by our designers.

AUDIO VISUAL AND LIGHTING

Audio Visual and lighting is a very important step for a successful event. Audio Visual Equipment such as LED Screens, Projectors, video walls, sound system, and lights are some of the elements that can help to set your event apart. Each event type demands a different type of lighting setup, AV equipment and play with technology to awe your guests at your next event. Our technical team is well versed in understanding and recommending appropriate solutions for your event.

VENUE SCOUTING

The success of every event starts with the venue. The venue determines the atmosphere and sets the tone for the event. Purrple Orryx puts great care into finding the right location - they all take time and close examination. Experience with local venues is important. We know local venues, because we have hosted both corporate and private events all over UAE. Our relationship with different venues makes for a smooth process, and our knowledge of different spaces means we can find you just what you are looking for and what suits your requirement.
